Princess Kaiulani.

A near connection of Princess Kaiulani expressed to a reporter a feeling of annoyance at the references in the American press to her projected return to the islands. The princess had deferred her journey until after the close of the recent session of Congress, so as to prevent any liability of misconstruction of the meeting with her aunt, ex Queen Liliuokalani, at Washington, or elsewhere in the United States, while the annexation treaty was subject to being called up for action.

Princess Kaiulani having come of age has property interests requiring her personal attention here, and intends staying in the islands only long enough to transact such business. She will have nothing whatever to do with politics during her stay, this informant assures the BULLETIN along with the foregoing facts.

The Central Committee.

There will be a special meeting of the Central Committee of the American Union party tomorrow evening at the usual hour and place to take action in regard to alleged irregularities in the primary election of the ninth precinct of the fifth district. It appears that no precinct organization was effected and that while T. B. Murray acted as chairman he did so only as a specially delegated member of the Central Committee. No chairman, secretary or enrollment committee having been elected there is nothing to show who voted at the meeting and no one to sign the credentials of Captain Cluney and O. Bergstrom, who claim to have been elected as delegates. It is also said that Captain Cluney's election as a delegate is not in order because he intends to run for reelection as a Representative.

MASS MEETING OF NATIVES.

Called for Saturday Evening at Palace Square.

Posters are being printed announcing a mass meeting of natives to be held at Palace square on Saturday evening. The meeting was originally set for the afternoon, but it is now proposed to hold it in the evening in the hopes of obtaining a larger attendance. The object of the meeting, as given to the BULLETIN by one who knows, is to pass resolutions and obtain signatures to a petition, asking President Dole to ascertain the sentiment of the native Hawaiians on the annexation question by means of a plebiscite before submitting the annexation treaty to the Senate for ratification. Similar meetings of natives are to be held throughout the islands and it is expected to receive them all in time for presentation before the Senate meets on September 8.

Speakers have not yet been selected for the local meeting on Saturday, but the names of F. J. Testa, J. M. Kaneakua and Kalaokalani are mentioned as being the principal ones.

A notice of this meeting was given in the Portuguese paper last Saturday and it was supposed that a number of Portuguese would attend the meeting, but the BULLETIN's informant says that none but natives of pure blood will be asked to sign the petition.

It is acknowledged that President Dole will refuse the petition but those in charge of the affair expect to make political capital out of his refusal by making the most of it in the United States.

Apenta Never Fails!

The hundreds of sufferers from constipation in this country compel one to believe that nature needs assistance to overcome the torpidity of the liver, which in most cases is the sole cause of constipation.

EVERY

When a person is suffering from headache or a feeling of fatigue, the chances are ten to one that the liver is inactive. A few doses of APENTA WATER will invariably bring about a most satisfactory result.

DOSE

APENTA WATER is a true spring water obtained from a spring at Buda Pest, and has not been artificially treated. The taste is not unpleasant, the dose small and the effect positive.

EFFECTIVE.

The price of APENTA WATER is very reasonable. The large bottles at 25 cents are the exact size of most mineral waters that sell at 50 cents. Trial bottles are sold at 15 cents. You should give it a trial.
